

EMPLOYEES' PERSONAL SECURITY AND SAFETY

The Board authorizes the superintendent to take appropriate means to provide for the health and safety of all employees while engaged in the performance of their duties. The superintendent is also directed to provide for a loss control program designed to apply a systematic approach to preventing on-the-job injuries and illnesses. Cooperation by all employees is expected in our effort to make our schools a safe place to work and learn.

The superintendent, in consultation with district and building safety committees, will implement training and/or procedures as necessary to accomplish this goal and to meet the requirements of the law.

All employees shall conduct their work in compliance with the safety rules of the district.
