

DUAL OR PART-TIME ENROLLMENT

Full Time Enrollment

Students will generally be enrolled in Gibbon Public Schools on a full-time basis. Full-time basis is defined as attending classes for the full instructional day within the public school system.

Exceptions are permitted only for:

1. Enrolled students attending another state accredited institution such as a vocational-technical school or a college or university for school credit;
2. Enrolled senior students taking the necessary number of credits needed to graduate in the current school year
3. Enrolled students in need of modified school attendance as an accommodation for a disability or similar unique circumstance;
4. Enrolled students receiving special education services where the student's IEP requires a modified schedule, or non-enrolled students receiving special education services or other legally mandated services required to be provided to eligible resident children under state and federal laws and regulations;
5. Students from other school districts participating in programs offered by the district pursuant to an inter-local agreement or other arrangement approved by the board; and
6. Non-public school students in accordance with the policies and procedures set forth in this policy.

Part-Time Enrollment of Non-Public School Students

The board shall allow the part-time enrollment of students who are residents of the school district and who are also enrolled in a private, denominational, or parochial school or in a school which elects pursuant to section 79-1601 not to meet accreditation or approval requirements. Such students are referred to herein as "non-public school students."

The School Board establishes the following guiding principles for enrollment of non-public school students:

1. The primary school for a non-public school student is the student's private, denominational, parochial or home school.
2. Enrollment of a non-public school student in Gibbon Public Schools is allowed for the purpose of providing enhanced educational opportunities not otherwise available to the non-public school student. It is not to supplant programming of the student's primary school.
3. Non-public school students are not to be given priority over full-time students.
4. Non-public school students are to be enrolled only in programs or courses that are educationally appropriate for the student.

5. Enrollment of non-public school students is not to negatively affect the educational services to be provided to full-time students.
